

What is MoGo Mouse X54™?

MoGo Mouse X54™ is a business-card sized, Bluetooth-enabled mouse that stores and recharges neatly inside your laptop computer's ExpressCard/54 card slot. MoGo Mouse X54™ is a technologically advanced wonder featuring patent-pending design and the benefit of state-of-the-art ExpressCard™ technology. The handy center scroll pad and integrated "kickstand" means freedom from the uncoordinated hassle of your laptop trackpad.

Who is MoGo Mouse X54™ meant for?

MoGo Mouse X54™ is specifically designed for road warriors who hate carrying around full-sized, bulky mice, but who also despise laptop trackpads. It is the ultimate in portability because it delivers the feel of a full-sized mouse without the cumbersome design. MoGo Mouse X54™ provides business travelers with a solution to their problem, making it easier for them to work on the road.

What's so special about MoGo Mouse X54™?

MoGo Mouse X54™ makes quantum leaps over other portable mice when it comes to mobility, comfort and usability. Its design lets business travelers use MoGo Mouse X54™ on virtually any surface they might find in the field. Because of its ExpressCard™ technology, it offers fast performance in a conveniently compact design. MoGo Mouse X54™ even stores and charges itself inside your laptop ExpressCard/54 slot. And its brilliant center scroll mechanism means you never again have to fuss with your laptop's trackpad.
